DOINGS OF CONGRESS.

Coxey's Arrest Comes Up In the Senate.

THE DIFFERENT OPINIONS.

Senator Hoar Makes a Speech Which Is Loudly Applauded—The Tariff Bill Occupied the Afternoon—Congressman Brattan's Death Announced, and Both the Senate and House Adjourns.

WASHINGTON, May 11.—When the senate met some routine business was transacted. Mr. Allen introduced a bill to repeal the act regulating the use of the Capitol grounds under which Coxey and his lieutenants were prosecuted.

Mr. Frye presented the resolution of the National Statistical association in favor of a thorough reform of the consular service.

Mr. Peffer introduced a resolution for the appointment of a special committee of three senators to investigate the condition of the country with especial reference to the prevailing business depression and to report what legislation, if any, will afford relief.

The Allen resolution to investigate the alleged police clubbing on May 1 then came up, and Mr. Gordon (Dem., Ga.) took the floor. Mr. Gordon said that the Coxey movement was the child of the paternal theory of government. The remedies for existing conditions, he said, were to be found in the decentralization of power.

Mr. Teller favored the resolution. Coxey was a law-abiding citizen. He and his followers had trudged here through the rain and mud and were entitled to respectful consideration. He did not endorse the statute under which they had been arrested. He did not think the senate could refuse to investigate the police clubbing. He himself would furnish the names of witnesses. Whether Coxey was a crank or not, did not matter. His scheme was absurd, as were a great many others put forward in the hour of distress. But it was not a wicked scheme; it only asked congress to provide work for the unemployed.

Mr. Stewart of Nevada maintained strenuously that Coxey had committed no offense, and drifted gradually into discussion of the general condition of the country, which he attributed entirely to the monetary policy of the government.

Mr. Hoar said Coxey knew that the law under which he was convicted was on the statute books. He came here with the deliberate intention of violating it. He wanted to test the power of congress in court, and when he found both court and jury against him he set up a howl.

"There is danger," said Mr. Hoar, "in such assemblages. They afford cover for one or two fanatics. It does not do to scoff. Within 10 years an attempt has been made to blow up the houses of parliament; within two years another attempt to blow up the French assembly. Two presidents of the United States have been murdered; one in a crowd at a depot, the other in a crowd at a theater by misguided and fanatical persons to whom the peaceable assemblages afforded an opportunity to escape. This is why, in the provisions of the riot law of every state, when the magistrate reads the act all the people must go home. A man may be there with peaceable intentions but if when the riot act is read he refuses to go he is liable to punishment. Those who are peaceable shield those who are not.

"It is needless for me," said Mr. Hoar, drawing himself up and looking about the chamber, his eyes pausing when they reached Mr. Allen and Mr. Stewart, "to declare that I sympathize with all my fellows in distress. I sympathize with them to a great deal more than some of those who always prate of sympathy for the downtrodden in order to advance their disgraceful political ambitions."

The galleries burst into ringing applause at this utterance, and in order to quell the demonstration Mr. Faulkner, who was in the chair, was forced to use his gavel vigorously and threaten to clear the galleries.

Mr. Hoar closed with an impressive declaration that the senate would stand on its constitutional rights and that it would not be frightened into doing what was not best for the country by any mob demonstration or by declarations, whether they came from the camp of Coxey or the seat of the senator from Nevada.

Mr. Harris closed the debate for the day with a few vigorous words. Heretofore he had opposed the idea of appointing a committee to investigate the alleged outrages on the Capitol steps. But when a senator like Mr. Teller, usually careful and calm in his judgment, entered charges of outrageous conduct against the police of the District of Columbia, he thought the senate was entitled to know the facts.

Mr. Gray (Dem., Del.) got the floor one minute before 1 o'clock, and was proceeding to say that he had never seen anything in connection with the Coxey movement that warranted congress in taking the slightest notice of it when the morning hour expired, and Mr. Harris insisted on going ahead with the tariff bill.

When the bill was laid before the senate, Mr. Gallinger (Rep., N. H.) offered the amendment of which he had heretofore given notice, concerning the tariff operations between this country and Canada.

Other senators expressing a desire to speak upon the amendment, Mr. Gallinger withdrew it, with the intention of reintroducing it.

The first item in the bill, acetie acid was read, and the debate turned on an amendment by Senator Allison to substitute the mills bill rate. It was adopted by a strip party vote.

At 2:40 the debate was interrupted in order to allow Mr. Patton, the new senator from Michigan, to be sworn in.

At 5:10 o'clock the house resolutions on the death of Representative Brattan of Maryland were presented. Appropriate resolutions offered by Mr. Gibson were adopted by the senate. The chair appointed as a committee to attend the funeral Messrs. Gibson, Palmer, Gray, Perkins and L. L. L. and the senate then, at 5:15 p. m., as a further mark of respect, adjourned.

In the House.

WASHINGTON, May 11.—The sombre emblems of mourning covered the desk of Representative Robert F. Brattan of Maryland, on which lay a bunch of roses when the house met.

The message of the president transmitting Hawaiian correspondence received Wednesday was laid before the house.

The house bill granting the railroad companies in the Indian Territory additional powers to obtain right of way for depot grounds was passed.

Mr. Talbot (Dem., Md.) briefly announced the death of his colleague, Mr. Brattan, and offered the customary resolutions. The resolutions were adopted and the speaker appointed a committee to attend the funeral, and the house then, at 12:30 p. m., adjourned.

ELECTION IN HAWAII.

Honolulu News Brought by the Steamer Alameda.

SAN FRANCISCO, May 11.—The steamer Alameda brings the following advices from Honolulu dated May 8:

The election for delegates to the constitutional convention was held yesterday and passed off in a very quiet manner. The royalist candidates were in the field and consequently no special interest was taken in the election. The American Union party had five candidates and six others ran independently. Of the regular ticket three were elected, one of whom, A. Kuuniakua, is a descendant of the old reigning family, the Kamehamehas, and the last of his race.

The cumulative ballot system was used, and 7,747 votes was cast. As each voter was allowed six votes, the total vote was 1,331 out of a possible 1,700. The Portuguese voted solidly for their two candidates and elected both. Returns from the other islands are not yet in, but as there was very little opposition to the American Union party ticket, no contest is expected.

G. B. Wilson, the ex-queen's marshal, has been arrested on a charge of being accessory before the fact in a mayhem case. Wilson, who was present at a bar-room fight in which a tough royalist and an annexationist were the principals, is said to have encouraged his royalist friend, advising him to kill the annexationist. During the fracas the royalist is charged, bit a piece out of his opponent's ear. Wilson is suspected of having invited the fight. He was released on \$1,000 bail and his case comes up today.

Admiral Walker and his staff have been spending considerable time at Pearl harbor recently, making soundings and inspecting the surrounding country. No definite location has yet been decided upon for the naval station, in spite of reports to the contrary.

A number of prominent royalists have set June 1 as restoration day. It is stated they expect to be fully armed by that time, and if no help is received from the United States, they intend to make an attack on the provisional government. The government officials take no stock in the rumor, however.

The sandbags which have surrounded the executive building ever since last December have been removed, and the military force is being gradually reduced.

Re-Elected President.

Buenos Ayres, May 10.—Ex-President Caceres has been re-elected president of Peru.

CAPTURED AT LAST.

The Stolen Train Stopped and All Are Arrested.

FOUR HUNDRED AND FIFTY.

They Will Be Taken to Topeka and Tried.

Another Train Stolen on the Northern Pacific Main Line—Coxey Must Change His Camping Ground—Other Commonwealth News.

KANSAS CITY, May 11.—Sanders' reckless army of commonwealers defied pursuit and laughed at obstacles again yesterday. Three times their stolen train was reported stalled before cars and engines purposely run off the track ahead of them, and each time the railroad officials believed they were masters of the situation. But in less time than it took the railroad company to throw their engines from the track at one place and tear up the rails at another, the go-ahead wealers had built a new track around the feeble obstructions and relaid the tornup rails, with their forces of something over 400 men.

The army's sympathizers were hoping that the daredevil band might run the gauntlet of United States Marshal Neeley's 100 Winchester and reach Topeka without further molestation. Once at the capital they believed the train stealers would be free from care and penalty.

The attitude of Governor Lewelling gave this idea encouragement. The executive was entirely noncommittal when questioned, but to the sheriff, who applied for troops, the governor sent the following:

To James Hart, Sheriff, Horace, Kan.: Telegram asking for troops to arrest 500 men who have stolen a Missouri Pacific train received. Was train stolen in Kansas? Have any depredations been committed in your county? Have warrants been issued, and processes been resisted? Are the men still in your county?

L. D. LEWELLING, Governor.

The railroad company found themselves in a peculiar fix. The state attorneys having declined to help them and the county authorities not caring to do so, pre-erring to let the wild train move on to having several hundred arrested men to feed and place on trial, it took legal ingenuity to get the railroad in a position to apprehend the men and ramway train at all. They depended on their general attorney, Bailey Waggoner, to drag them out of the difficulty and he succeeded in pressing the United States into service by getting the clerk of the United States circuit court at Topeka to issue writs of arrests for the unknown commonwealers, an act which the Populist leaders condemn as unlawful.

With United States Marshal Neeley and a force of 50 men, each armed with a rifle or shotgun, Waggoner started west on a special train from Topeka. The forces and firearms were increased en route, and when the special reached Scott City, Kan., 100 deputies, each with a gun, were aboard.

Meanwhile the wealers were reported as flying eastward. Formidable obstructions were reported as being thrown up before them at Diston, in the shape of three engines and several boxcars, and the supply of water for their engine was said to be cut off. But these obstructions detained them only a short time.

The man at the throttle, it was said, was an old Missouri Pacific engineer, and he knew every sag and curve of the road. The wild train reached Horace, Kan., about 2 o'clock. There they found an eastbound passenger and mail train had been held by the company. The wealers commanded the crew of this train to move, and after an exchange of dispatches with the superintendent, the train sped away. Regarding this train as a safe pilot, the special kept close in its wake. The wealers had now a first class locomotive, having abandoned their rusty old switch engine at Horace and appropriated the best passenger engine they could find in the round-house.

Without mishap the runaways reached Scott City, which they approached warily. They saw 50 feet of track torn up in front of the station there, and 100 men with 100 rifles lined up on the station platform. The engineer reversed quickly, and before the deputies had time to think their expected antagonists had disappeared in the distance from whence they came. The Missouri Pacific promptly started a train east from Leoti, Kan., 24 miles west of Scott City, to intercept the returning army.

When the train overtook the commonwealers Marshal Neeley demanded that they surrender. This they did unconditionally. They were 450 strong and every man put under arrest. The surrender was made peacefully, and the entire army is being taken to Topeka for trial. The special train is now en route with the captured army and is making rapid time on its return trip.

GONDOLA CAR CAPTURED.

All Trains Sidetracked and the Commonwealthers Have the Right of Way.

TACOMA, May 11.—Sixty Coxeyites captured a single gondola coalcar at Cle-Elum on the Northern Pacific main line, and started on the down grade for Ellensburg. Superintendent McCabe, at Tacoma, ordered all trains near Ellensburg sidetracked, giving the gondola complete right of way. The car was stopped at Ellensburg, the 60 Coxeyites joining a hundred or more of their friends there.

It is reported that 60 Coxeyites were arrested at Yakima for Wednesday night's shooting. Over 100 industrialists are still at Yakima and claim they will take the first eastbound freight train. There are about 75 specials there, all armed with rifles.

The situation at Spokane still looks serious. Of the industrialists injured Wednesday night, Nick Weaver of Seattle was shot in the neck, McApoe in the ankle and "Seattle" Savage was shot in the head. Savage was taken to the hospital. All are doing well.

Deputy Marshals Chidester and Jolly have been brought to Tacoma. Jolly's wounds are serious, it being through the bowels. He is not expected to live. Chidester is but slightly hurt by a ball in the thigh.

COXEY MUST MOVE.

He Is Given Twenty-Four Hours to Get Another Camping Ground.

WASHINGTON, May 11.—General Coxey appeared before the district commissioners, and after assuring them that he was using all possible diligence in seeking a new camping ground, was granted an extension of the time in which he must remove from his present quarters. He was given 24 hours to vacate the premises and he will be obliged to get away by that time.

Before going to the commissioners Coxey attempted to induce Health Officer Hammet to reconsider his condemnation of the camp, but Mr. Hammet was firm and refused to retract, holding that it would take six months at least to get the lot now occupied by the Coxeyites into hygienic conditions.

Galvin Decides to Walk.

PITTSBURG, May 11.—Galvin's commonweal army marched to West Newton and went into the camp for the night. Colonel Galvin has given up all hope of transportation by the Baltimore and Ohio road, and has decided to try his walk on the Pennsylvania road. From West Newton he will march his army to Greensburg, thence by Johnstown, Altoona and Harrisburg, following the main line of the Pennsylvania railroad as nearly as possible.

The Hoosier Kid's Division.

COLUMBIAS, Ind., May 11.—The General Jennings division of Coxey's army, 200 strong, arrived in this city at 8 o'clock last night and proceeded through the streets to Swartzkopf's Opera House where the Hoosier Kid talked to a large crowd for some time. The army then spread blankets in the building and retired for the night.

Kelly Sailing Down the River.

DES MOINES, May 11.—Kelly's army, on its way down the river last night, reached a point in Marion county between 40 and 50 miles from Des Moines. There is no fixed camp, but the army lies scattered along five or 10 miles. The army was well supplied with provisions, the farmers of the county through which they passed bringing ample quantities of food.

Flour For Coxey's Army.

ST. LOUIS, May 11.—A carload of flour on the way to Washington consigned to Coxey's army passed through here yesterday. The car in which it is being shipped is gaily decorated with bunting and flags, and carries the following sign: "Flour For Coxey's Army, Washington, D. C., From the Citizens of Springfield, Mo."

Barred Out of Keokuk.

KEOKUK, Ia., May 11.—Under an act of the legislature giving cities under special charters such power, the city council last night passed an ordinance which will effectually bar Commodore Kelly's army from Keokuk. It quarantines the city against invasion by the paupers and those exposed to contagious disease.

Leader Deposed.

SPOKANE, Wash., May 11.—Colonel Dolphin has been deposed as leader of the Spokane industrialists. He was court martialed yesterday for trying to desert his army with funds, and drummed out of camp. About 50 men went with him and started eastward.

Randall Cordially Received.

LAFORTE, Ind., May 11.—Randall's army marched from here to Now Cassile, where they were cordially received. They will go from there to South Bend.

Young Murderers.

NEW YORK, May 11.—John Collins of Boston, 17, will probably have to answer to the charge of murder. He and two young women were found asleep in a room in James street by the landlady, who did not know them. All three were drunk. The landlady ejected the women, but Collins defied her. She called to her assistance Herman Hazelgreen, a carpet layer, who was at work in the house. Collins drew a knife and stabbed Hazelgreen in the neck, inflicting a fatal wound.

Telephone Exchange Burned.

TOLEDO, May 11.—Messenger boys will be in demand here for some days to come, as the telephone exchange was completely destroyed by fire last night. Several of the young lady employees had very narrow escapes. The damage to the building is small.

Henry's Execution.

PARIS, May 11.—The execution of Emile Henry, the anarchist, who was recently condemned to death, after having been convicted of causing the explosions in the Rue des Bons-Enfants and in the Cafe Tetminus, will take place on Saturday.

COLUMBUS, O., May 11.—The Pittsburgh, Cincinnati, Chicago and St. Louis freighthouse in this city was burned last night. Loss, including freightcars, building and merchandise, estimated at \$50,000.

Base Ball.

At Pittsburgh—Pittsburg 1, Cleveland 2.
At Baltimore—Baltimore 3, Philadelphia 0.
At Boston—Boston 7, Brooklyn 1.
At New York—New York 6, Washington 2.
At Cincinnati—Cincinnati 19, St. Louis 9.

WIND AND RAINSTORM

Great Destruction Done to the City of Indianapolis.

AN INFANT INSTANTLY KILLED.

A Number of Other People Seriously Injured—Buildings Unroofed and Otherwise Damaged—River Steamer Overturned and Sunk at Mount Vernon, Ind. Big Storm at Akron, Ohio.

INDIANAPOLIS, May 11.—A severe wind and rain storm visited this city and vicinity yesterday afternoon. Many buildings were unroofed and the loss will reach into the thousands. Shade trees and outbuildings in every part of the city were blown down. The street-car service was for a time demoralized and the telephone and telegraph wires were in useless condition.

An infant child of S. J. Hunsman of 851 South Meridian street was instantly killed while sleeping in its cradle, and a number of persons were more or less injured by falling walls and flying debris.

The roof of the Riley block, on West Washington street, was blown off, and two persons injured. Adjoining the block on the east, is the establishment of Archdeacon & Company. A number of girls are employed on the top of the building, and when the roof of the Riley block was torn from its fastenings, it crashed into the building, where the girls were employed.

Dillie James of 107 Division street was cut about the head and face, and Amanda Miller was caught by the falling walls and injured internally.

Maus' brewery was damaged to the extent of \$3,000, and a number of other large establishments were damaged, among them being Fordyce & Murman's iron works, Big Four roundhouse, J. B. Nye's chair factory and the West Washington street car barns.

RIVER STEAMER SANK.

Fifteen People Have a Narrow Escape From Drowning.

MOUNT VERNON, May 11.—A tornado struck this city at 2 o'clock yesterday afternoon doing much damage. The roof of Neckesser's block was torn off, sheds, fences, barns and outbuildings were blown away.

The steamer Eugene, belonging to the Henderson heneing mill, was overturned in the middle of the river. Fifteen people were on board, but they saved themselves by taking refuge on the barge; the boat was towing. The boat was valued at \$10,000 and is a total loss. Captain Campbell was injured by a piece of flying timber.

TERRIFIC WINDSTORM.

Houses and Other Property Damaged at Akron, Ohio.

AKRON, May 11.—A terrific wind storm, accompanied by electricity, struck this city at 3 o'clock yesterday evening. The Hotel Buchtel was damaged to considerable extent, and numerous houses more or less shattered.

A broken trolley wire at the corner of Mill and Main streets, struck several people, injuring them severely. Two serious runaways resulted from fright to horses.

It was just four years ago yesterday and at about the same hour, that the cyclone which swept away a portion of the city occur red.

Will Get No Damages.

PITTSBURG, May 11.—A verdict for the defendants was rendered in the case of C. H. Fetter and the administrator of Isaac O. Gorman and Henry Gorman, vs. Baird Brothers, contractors of this city. These are the famous suits for damages by reason of the Licking bridge disaster near Cincinnati, in which 30 persons were killed or injured. The suits were for \$25,000 each and were tried as test cases, others awaiting the result of these suits. Had the plaintiffs won there would have been a flood of other suits brought.

Booth Memorial Monument.

CAMBRIDGE, Mass., May 11.—The memorial monument at the grave of Edwin Booth, at Mount Auburn, was dedicated Tuesday afternoon with impressive services. Rev. Edward Everett Hale, D. D., made an address. Those present were Edwin Booth Grossman, daughter of the deceased; Joseph Jefferson, Mrs. Julia Ward Howe and Mrs. Ole Bull. The monument is in the form of an Athenian monolith, and upon its face is a bas-relief in bronze, which represents Booth in the prime of life.

Living Up to Promises.

TERRE HAUTE, Ind., May 10.—President Debs of the American Railway union denies the statement that the Great Northern was not living up to the agreement with the men. He said that he had received a long message from Mr. Hill regarding the cases now in doubt. Any men who are found guilty of criminality during the strike will not be reinstated. There are but few of such cases. Mr. Debs expressed the belief that Mr. Hill would act fairly.

Arrangements Made.

PARIS, May 11.—M. Bernard Datanoux, the explorer, claims to have arranged with the Kelou tribes for a free passage for French caravans going to and from Sokoto, Bornu, and other states of the Niger and Lake Tchad regions.

Chloroformed to Death.

COLD WATER, Mich., May 11.—While exercising yesterday, Walker's celebrated stallion, Cartridge, 2:14 1-2, became frightened, and kicking himself loose, ran away, tearing off the left hind foot. He had to be chloroformed to death.

The South has not furnished a single detachment of Coxcyites. The South is Democratic and takes no stock in paternalism.

Republican Senators and editors continue to denounce the Wilson bill, and yet they say it is a "protection" measure. Well, what next?

The Democrats of the Ninth district inaugurated their Congressional campaign most auspiciously. The Executive Committee in the various counties should see that the good work is continued.

There were so many good speeches made at the Democratic convention Wednesday that a few of them were overlooked by the BULLETIN, but this was not intentional. The editor helped get out two papers that day and was thus prevented from giving as much time to the convention as he would otherwise have done.

See the World's Fair For Fifteen Cts.

Upon receipt of your address and fifteen cents in postage stamps, we will mail you prepaid our Souvenir Portfolio of the World's Columbian Exposition. The regular price is fifty cents, but as we want you to have one, we make the price nominal. You will find it a work of art and a thing to be prized. It contains full page views of the great buildings, with descriptions of same, and is executed in highest style of art. If not satisfied with it, after you get it, we will refund the stamps and let you keep the book. Address, H. E. Bucklen & Co., Chicago, Ill.

Has a Mortgage On 'Em.

Courier-Journal: "It is now said to be settled that Hon. S. J. Pugh, of Lewis County, will be the Republican nominee for Congress in the Ninth district, instead of Dr. Wm. Bowman. Mr. Pugh is at present State Senator from the district composed of Mason and Lewis County, and is a son-in-law of Hon. G. M. Thomas. The latter has a mortgage on the Republican party in Lewis County and his influence reaches out over the entire district. It is this fact which will give Mr. Pugh the inside track in the race for the nomination."

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale at J. James Wood's.

Prof. Samwell's Trained Animals.

The ferryboat Laurence will sell round trip tickets for 5 cents to all persons who wish to attend Prof. Samwell's Equine-Canine Paradox at Washington Opera House, Maysville, Saturday at 2 p. m. Tickets are now on sale at Fleming & Boswell's dry goods store. Admission to the matinee only 10 cents.

The ninth annual meeting of the Kentucky Homoeopathic Medical Society will be held at Lexington May 15th, 16th and 17th. Dr. J. H. Sammel, of this city, is on the programme to read a paper on "The Treatment of Gynecological Cases by the Family Physician." Dr. S. M. Worthington, of Versailles, formerly of Fern Leaf, will read a paper on "Epilepsy." Dr. C. S. Holton, formerly of Tuckahoe, now of Richmond, is Chairman of the Bureau of Obstetrics. Dr. Howard Crutcher, of Chicago, will present a paper on "The Surgical and Rational Treatment of Appendicitis." Dr. Crutcher formerly lived in Maysville. Dr. Marsh, another ex-Maysvillian, now of Danville, is President of the society.

AN EXCELLENT REMEDY.

Hon. M. D. Harter Writes a Prescription For Curing the Ills Now Afflicting the Country.

WASHINGTON, May 10.—Congressman M. D. Harter, of Ohio, was invited to speak at a meeting of laboring men, which is to be held at Convention Hall here, on the subject: "What, if anything, can Congress do to give work to the unemployed, to increase the prices of products and to restore to our people confidence and prosperity."

As Mr. Harter can not attend, he has written a letter to the presiding officer, in which he says: "I wish to suggest an effective remedy for hard times, which is also a very simple one. Confine the work of Congress to the limits of the Constitution. Stop levying taxes to provide profits (under the name of protection) for a portion of our people at the expense of the balance. Publish far and wide that it is not the business of the United States to raise prices, provide work, regulate wages, or in any way interfere in the private business or personal affairs of the people. Declare that State banks, and all other State and local affairs, like roads, for instance, shall remain exclusively with the States and local governments."

"Men with level heads and a fair share of good, common every-day sense, are at a discount these times, but if the country follows cranks much longer the results will be so disastrous as to create finally a very active demand and bring about a most urgent call, for those who during all these times have kept the faith and constantly warned those who cared to listen of the judgment to come. Frown down every charlatan politician, every long-haired, wild-eyed Social philosopher, whether he be a Governor or a grave-digger, a silver-mine owner or a tramp, and advise those who are willing to listen to you to work, save and keep sober. Tell them to depend upon the sweat of their faces and the labors of their hands, and not to put their trust in politicians or depend upon the bounty of Federal Government or the soup-kitchen charity of the municipality."

"Our country, with all its magnificent resources is still here, and our people have not lost their skill, and we can be as prosperous and happy as ever if we demand equal laws and a sound currency from the Government and then work out our own."

MRS. MALVINA SALLEE.

A Christian Woman Called to Her Final Rest—The Summons Came Thursday Afternoon.

Mrs. Malvina Sallee died at 2:50 p. m. Thursday at her residence adjoining the Baptist Church on Market street. She took sick with remittent fever Saturday, April 28th, but the attack yielded to Dr. Reed's treatment, and she died of a complication of other troubles from which she had been a patient sufferer for several years.

She was born December 22, 1828, and lived all her life at Fern Leaf, near the spot where she was born, until last October when she removed to Maysville.

Her father was Charles Kilgore, the son of Daniel and Mary Kilgour, and her mother was Lucy Ficklin, the daughter of John and Judith Ficklin.

Her ancestors were among the old and esteemed families of the county, the Kilgore and Ficklins being among the pioneers of Mason.

She was the eighth child of a family of eleven children, all of whom are now dead, except Mrs. P. M. Austin, of St. Louis, and Mr. Robt. J. Kilgore, of Flemington, N. J.

Decensed was married to Wm. T. Sallee January 29th, 1846, and the following children were born to them: Chas. K. Sallee, Mariah Sallee, James H. Sallee, Clarence L. Sallee, Edwin Walker Sallee and Annie Burton Sallee, all of whom are living except Mariah Sallee, who died October 1, 1874.

The remains will be buried at Germantown. The funeral will occur to-morrow at 11 a. m. at the Germantown Christian Church, and will be conducted by Rev. W. W. Hall.

Mother Superior.

Sister Mary Doloros, of St. Frances de Sales Academy of this city, was elected Mother Superior yesterday. She has served in that capacity before and has clearly demonstrated to all the Sisters of the community that their interests are well cared for. Her gentle disposition, her scholarly bearing and her business qualifications peculiarly fit her for the position. She is a general favorite with all whom she has business with.

Mother Borgia had served two terms, which made her ineligible for another term. She attended to the duties of her office in a manner satisfactory to all concerned, and made many warm friends while she was Mother Superior.

KENTUCKY WEALTH.

The Total Equalized Assessment This Year is Nearly \$600,000,000. A Falling Off.

The State Board of Equalization has completed its work and adjourned.

The State assessment was raised \$10,733,496 over what it had been given in by the various counties, and even with this raise there is shown a falling off of \$25,500,000 in round numbers in the total equalized value of all property this year over that of last year.

This falling off in the equalized values is due largely to the great depreciation in the value of personal property and other property over which the board had no control.

The grand totals of each separate species of property assessed for taxation is as follows: Net assessed value of personal property not subject to equalization, \$64,578,775; assessed value of lands, \$243,615,586; as equalized, \$252,999,621; assessed value of town lots, \$180,680,726; as equalized, \$180,225,907; personally subject to equalization assessed at \$111,406,161; as equalized, \$71,675,219; exemptions, \$39,730,942. The grand total assessed value of all property is by this calculation \$560,550,306, and is equalized \$571,283,802.

The State tax rate is 42½ cents on each \$100, and the total amount to be derived from this equalized assessment is \$2,427,956.15. This does not include the tax and the assessment upon railroads, banks, distilled spirits, corporation franchises, & c., which are assessed by other means and which species of property are not taken into account here.

The latest from the Congressional fight in the Lexington district is that in the event of Colonel Breckinridge's nomination, Rev. John S. Sweeney will be put up against him. Mr. Sweeney enjoys a wide popularity and is pastor of the Paris Christian Church.

It is the desire and the intention of Jos. Heiser Post No. 13, G. A. R., to decorate the graves of all the old soldiers in the cemetery here May 30th, and in order that none may be overlooked the relatives or friends of the dead are requested to meet the committee at the cemetery next Sunday afternoon and point out the graves.

"Will you have another piece of roast beef?" was asked of a recent graduate from a boarding school. "No, thanks," she replied, "gastronomical satiety admonishes me that I have arrived at a state of deglutination consistent with dietetic integrity." What she intended to say was, "thank you; I have enough."

DR. APPLEMAN is a graduate of Bellevue Hospital Medical College, New York City, and has had seven years experience in the great hospitals of that city. His wonderful work—

HUNDREDS of CURES,

have caused the old foggy doctors of the State so much uneasiness that for the past two years they have been doing all in their power to stop his practice. Shall the sick remain sick, and the suffering continue to suffer? Yes, says the general practitioner, rather than let Dr. Appleman help you. NO, says Dr. Appleman.

Come to Me and Be Cured if it is in My Power to do it.

John Whitthington, 216 N. Walnut street, Maysville, says: "I have tried seven doctors and none have done me any good. Have not worked for six months. I am now able to work after one month of your treatment." The doctors are astonished, and ask, "What is he doing?" Is that enough? H. H. King, Helena, M. D. Cord, Flemingsburg, Chas. Asbury, Maysville, L. L. Wells, Helena, and fifty others can and do speak of the good Dr. Appleman is doing. Consult this eminent Specialist on his coming visit. He treats

THAT DOVER AFFAIR.

It is Said Prof. McKinley Will Get After Some of the Newspapers For Their Talk.

Augusta Reporter: "Some days ago the rumor was started that Mrs. Jerry Grove, of Dover, would marry Prof. McKinley, of that place. There was nothing peculiar about such a wedding except that Mrs. Grove is about eighty years old, while Mr. McKinley is probably not over thirty-five, and that Mrs. G. was to plunk down in cool cash \$6,000 to average up the disparity in age.

"The cashing of some checks in Maysville by Prof. McKinley, which checks were signed by Mrs. Grove and payable to McKinley, gave rise to the rumor of a marriage contract a little out of ordinary.

"Now Prof. McKinley 'denies it,' and it is said will cause a rise in the temperature in the neighborhood of some of the printing offices that gave the rumor publication and thus sent it broadcast to the four winds of the earth, for every paper in the land has grabbed it up greedily.

"The transaction of the checks seems to have been the foundation for all the talk and wild speculation and guessing about the wedding contract, as if Mrs. Grove did not have sufficient judgment to manage her own business and look after her accumulated wealth as she always has done, with the keenest business tact, and without being accused of 'buying a husband' every time she sees proper to give her check to a man who is not already married. Mrs. Grove has always been known as a remarkably kind hearted christian lady, ready to help with cash or endorsement those to whom she may have taken a liking, and a number of men, young and old, owe their success in life to her liberality and kindly interest. And it is not improbable that all this talk of her matrimonial intentions has its origin among those undeserving ones whom she did not consider worthy of help."

Storms Predicted.

Prof. Hicks predicts a regular period of change and storm from the 10th to the 14th of this month. He says: "A very warm wave is apt to appear by the 11th in Western regions, and during the three days next following storms of much energy and wide scope will traverse the country from West to East. Another very cool wave for season will come in behind the storms, causing several days of much cooler weather in the country generally. Heavy rains may reasonably be expected during the last named disturbances, namely, about the 11th, 12th and 13th, during which time a series of daily storms, recurring near the same time or night for several days, need not be unlooked for. Watch barometers, temperature and direction of wind; if barometer fails to rise after one storm passes, with wind still in East and South, expect another storm from the West, and so on until conditions change."

It May Do as Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At J. James Wood's drug store.

MR. GEORGE EASTON met with a painful accident Thursday afternoon on Third street, near Coughlin & Downing's livery stable. He was helping to swing a barrel of whisky under the Mt. Olivet bus when the chain slipped and cut off about half an inch of the forefinger of his right hand. The piece was sewed on by Dr. Samuel. The injured member will probably be all o. k. again in a few weeks.

FOR PAOLA, KANSAS, MAY 28.

A Chance For Western Home Seekers. Major J. T. Long Has a List of Farms For Sale.

I will conduct a party to inspect land in the counties of Miami, Franklin, Linn and Anderson in the State of Kansas leaving Maysville, Ky., on Monday, May 28th, at 6 a. m.

These counties lie in the eastern part of Kansas, and are well settled, well watered and wooded, and are the garden spot of the world.

Improved farms in these counties are the best and safest investment you can make.

I have a large list of farms for sale on easy terms within 100 miles of Kansas City.

The citizens of the above named counties will extend you a hearty welcome and "show you around" without charge.

Arrangements have been made for a special through car, and stop over will be allowed in Kansas at pleasure.

For terms and rates for the trip, and prices of lands in different counties, please address J. T. Long, Maysville, Ky.

MANCHESTER VS. MAYSVILLE.

The Home Team Won an Easy Victory Over the Visitors in the Game of Ball Thursday.

About two hundred ladies and gentlemen saw the game of ball yesterday afternoon at the fair grounds. The home team defeated the club from Manchester by a score of 21 to 3. It was an easy victory for the boys and their playing was excellent. Wadsworth and Hill were the battery—a surety that victory awaited the Regulars. The former's arm was not in good condition, but notwithstanding this he threw the ball with great force and so accurately judged that none of the visitors could hit him to amount to anything. Hill is a *beaut* behind the bat, a sure catcher and an all-round splendid player.

The Regular fielders were excellent, having interest, pride and capacity which can but bring excellent support in time of need.

The visitors showed lack of practice, putting up an uninteresting game. When the return game is played it is to be hoped they will improve enough at least to draw the score down to an interesting closeness.

Mr. W. W. Lynch was the umpire. The next game will be Tuesday next, when with the Portsmouth or Mt. Olivet as contestants.

"THE papers are speaking of the 'resignation' of Adjutant-General Wickliffe. The General's 'resignation' reminds us of a man who said he 'got mad and quit.' 'What did you get mad about?' was asked him. 'Why the boss told me he didn't want me any longer, so I just got mad and quit.'"—Carlisle Mercury.

CONSTABLE SAM. J. NOWERS, of the Dover precinct, is announced elsewhere in the BULLETIN as a candidate for re-election, subject to the will of the people. Mr. Nowers is very prompt and faithful in attending to the duties of his office, and efficient in their discharge, and that is all that is necessary to make an excellent officer.

A GENTLEMAN who has a wide experience in business says: "There are thousands of manufacturers and tens of thousands of men having articles that they declare ought to be 'in every household in the country,' who advertise as closely as though they had at heart no faith in it all. CROP REPORT.
Monthly Statement Made by the Agricultural Department.

WASHINGTON, May 11.—The monthly cereals crop report issued by the agricultural department says: The May report of the statisticians of the department of agriculture, after consolidating the returns, places the condition of winter wheat at 81.4, as against 80.7 the previous month, being a falling off of 5.3 points. In 1893 at the same date, the condition was 75.3, a little over two points lower than the previous month.

The averages for the principal states are: Ohio, 90; Michigan, 83; Indiana, 90; Illinois, 89; Missouri, 83; Kansas, 75; Nebraska, 59, and California, 32. While the improvement during most of April has been considerable in most of the states, the result of the cold weather in March has been shown to have been more than reported at that time. The advices from correspondents in Kansas and Nebraska indicate that the damage from the cold weather has been augmented by drouth and high wind, and much of the area has been abandoned and plowed up and put in other grains.

In California the long continued drouth, accompanied a great portion of the time by high winds, has proven very disastrous to the crop, and in many places it is said to be an entire failure in consequence. In other states the plant is doing very well considering the setback caused by the cold weather.

The average condition of barley is 62.3, against 80.6 last year. The low condition is the result of the drouth in California, it being the largest producing state.

BIG DEFALCATION.

The Middletown Embezzler Fully Thirty Thousand Dollars Short.

MIDDLETOWN, O., May 11.—The defalcation of City Treasurer Gus Weisbrodt has created the most tremendous sensation in the history of this city. He stood above the ban of suspicion, and no man in Butler county stood higher in the estimation of the people. His defalcations run back over a number of years.

The exact amount embezzled can only be determined by expert examination of the books. His shortage in round numbers will not be far from \$30,000. J. B. Hartley, his father-in-law, and one of his bondsmen, has turned over all his property, including a fine farm, to save the other bondsmen, but it is thought that this will help but little, as the property was already covered by mortgages.

HEAD-END COLLISION.

Passenger and Freight Run Together With Disastrous Results.

EAU CLAIRE, Wis., May 11.—A head-end collision occurred between a passenger train from Minneapolis and a freight train near Menominee Junction. The trains were running slowly, approaching a bridge.

The dead and injured are: James Jeffreys, the oldest engineer in point of service on the Chicago and Northwestern road, instantly killed. E. H. Burt, express messenger, seriously crushed.

Seth Gardner, fireman on passenger train, both legs crushed; injuries fatal. W. S. Reese, mail clerk, arm crushed and injured internally.

The passenger train was the through Minneapolis-Chicago vestibuled train. No passengers were injured.

Arranging a Miners' Scale.

ZANESVILLE, O., May 11.—A committee of 23, one from each of the small mines around the city, has arranged a scale based on the 70 cent rate, which will be presented to the operators. It provides for an increase in the price of 5 cents per ton for each decrease of six inches in the thickness of the vein. Those miners who push out their own coal are to receive \$1 per ton. This scale will make the lowest price for mining in this vicinity 85 cents. Whether the scale is accepted or not the men will not resume work until the strike is settled.

Moss Damaging Evidence.

INDIANAPOLIS, May 11.—Some damaging evidence in the bank wreckers' case came out yesterday. It was a private memorandum of the defendants in which were two accounts with the bank—one representing the true credits on the bankbooks which the defendants were entitled to and the other the credits that really appeared by the books caused by the deposit of the hundreds of thousands of dollars of worthless paper drawn on the branch concerns.

Town Destroyed by Fire.

NORWAY, Me., May 11.—Half the people of this town of 3,000 inhabitants are homeless in consequence of the conflagration that swept over the place. Two firemen were painfully injured by falling from ladders while fighting the fire, and Rev. Mr. Rideout had his shoulder broken. The loss will be about \$230,000, upon which the insurance is \$130,000.

Concert Hall Proprietor Sidelined.

CINCINNATI, May 11.—Fridolin Schumann, who conducted a German concert hall at 405 Vine street, shot himself through the temple at Burnet Woods park shortly after noon yesterday. He was removed to the hospital where he now lies, but can not recover. Reverses in business is said to be the cause of the rash act.

Protested His Innocence.

NASHVILLE, May 11.—Lafayette Richie, colored, murderer of William Stephens in December, 1892, was executed at Gainesboro, this state, yesterday. The condemned died protesting his innocence. Stephens was murdered and robbed of a large sum of money.

Rebels Retreated.

NEW YORK, May 11.—The World's Magazine dispatch, dated May 9, says: Fighting commenced at Leon at 4 o'clock this morning. At 10 a. m. the rebels retreated from the city closely pursued.

Drowned in Lost River.

SHOALS, Ind., May 11.—Conrad Beall attempted to cross Lost river, nine miles south of this place, in a skiff, and accidentally fell out and was drowned before assistance could reach him.

A Clever Ruse.

A bold attempt at highway robbery was committed near Bentonville, a few miles north of Aberdeen, one night this week.

J. G. Edwards and George Thompson were returning home from Manchester, and when they were passing a deep cut in the road, a short distance from home, they were ordered to throw up their hands. Thompson jumped from the cart and ran, just as a rock struck Edwards in the head.

When the order came to halt, Edwards evidently knew their business, and instantly dropped his pocket-book, containing \$120, in the road. The robbers went through his clothes, and obtained only 70 cents, after which they ran. Edwards found his money almost under his feet, the robbers having failed to discover it.

MAYOR COX is having a brick pavement laid in front of his property on Third, between Wall and Short streets. It was a much-needed improvement and if other property-holders in the neighborhood will only go and do likewise they will place pedestrians under many obligations to them.

MISS LILLIE SAUER, of Paris, and Mr. J. Will Doty, also of that city, were married last evening at the home of the bride's sister, Mrs. James Batterton, of Lexington. The bride is a sister of Mrs. John B. Orr, of East Third street, this city, and has many warm friends in Maysville. The newly-wedded will reside in Indianapolis, where the groom has a position.

For the Farmer.

Several farmers near Helena are said to be planting their tobacco ground in corn owing to the scarcity of plants.

A farmer in the Washington precinct expected to put out two acres of tobacco early this week.

Editorial Comment.

Louisville Post: "It is delightful to read Republican denunciation of the bill reducing the tariff which is shortly to pass the Senate. When, for instance, the New York Press declares that the Morrison bill was a very much better measure than the Wilson bill and denounces it fiercely, it arouses our enthusiasm greatly. Down with McKinleyism."

Fleming News: "There is a marked similarity in the personal characteristics of the Hon. Paul J. Sorg, the newly-elected Democratic Congressman from the Third Ohio district, and our own nominee, Hon. R. K. Hart. The former is a plain, social, successful business man; a man without any frills of pride or conceit in his constitution; of healthy business intelligence, who first satisfies himself he is right, and then goes ahead; who will say just what he means on any given subject, without any attempt at oratory or spread-eagleism, and then sit down and be ready for action. These are the men that are needed; men of judgment, men of courage and of action. The Third Ohio has set a good example—and the Ninth Kentucky will emulate it."

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

It Removes Dandruff,
Cleans the Scalp,
Restores the
Hair,
Cures Eczema.
